

Applications:

Ventilation and suction of smoke and dust under hard conditions.

Properties:

Flexible PVC hose, reinforced with a shock resistant rigid PVC spiral.

Excellent durability to weather conditions and most chemicals. Internally and externally sinuous

Standart Colors:

Transparent White (Available in various colors on request)

Materials:

DOP Free
RoHS, Reach Standard,
UV- protections added

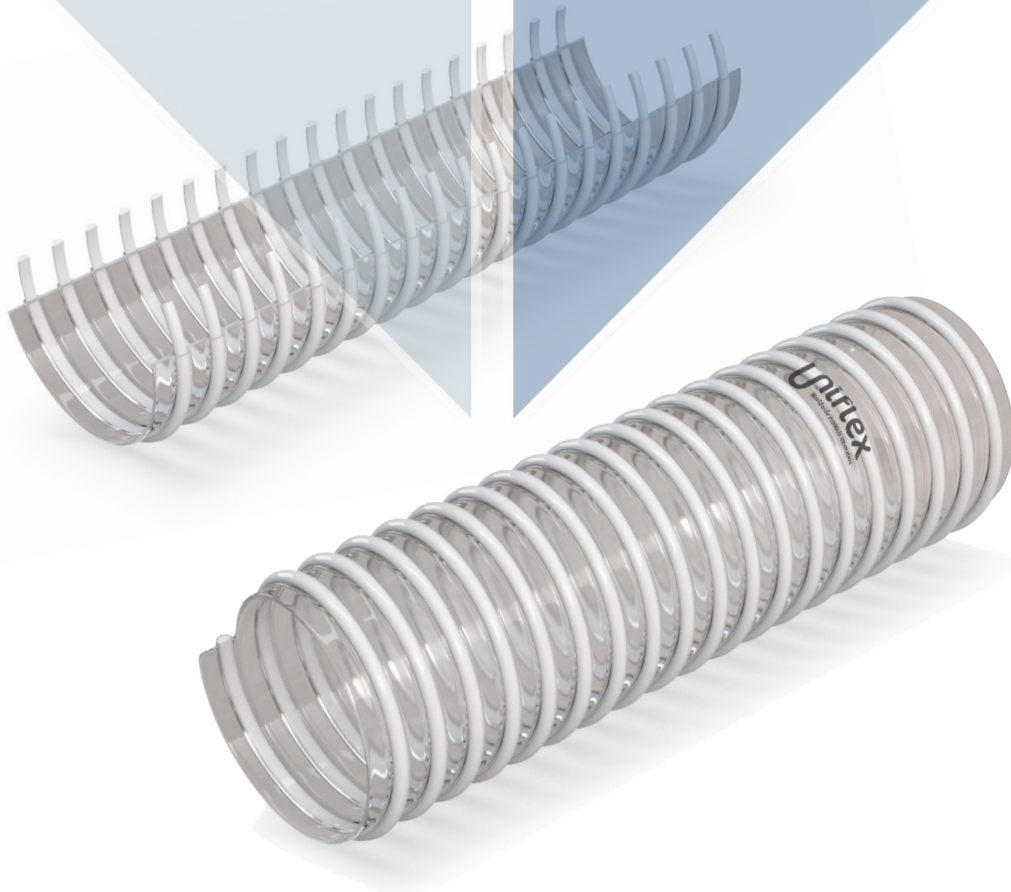

Temperatures Range:

15°C < Temp <60°C

Standard:

Tolerance: ISO 1307
