#### Product: Polystone® M Natural

On June 1, 2025, Japan's Positive List (PL) of synthetic resins used in apparatuses, containers, and packaging (ACP) (or utensils, containers, and packaging (UCP)) became effective.

According to the information provided by our raw material producers we declare that the used raw material of our semi-finished products does not use articles that are not included in the "Positive List for Food Utensils, Container and Packaging", MHLW Pub. Notice No. 324-2023, dd. November 30, 2023, of the "Food Sanitation Act, Japan" and used articles are within the set limit values.

An official standard-compliant test has not been performed, yet.

The quality assurance system of Röchling Industrial SE & Co. KG is certified as per DIN EN ISO 9001:2015 and serves as an important basis of the constant composition and quality of Polystone® M Natural.

i.V. Johannes Mohs  
(General Manager Quality)

#### Note:

It is customers own responsibility to test the suitability of plastic items manufactured from or with our products for the planned application in the foodstuff industry. That includes for example:

- testing, if the physical characteristics of the plastic are suitable for the planned application,
- testing, if plastic parts manufactured by the customer fulfill the prescribed migration or extraction values,
- testing for possible influence of the plastic on the composition and/or organoleptic characteristics of foodstuffs.

This information above is based on the information provided by our suppliers. We are not liable for completeness and correctness of information contained herein. Existing laws and regulations must be respected by the receivers/users of our product in their own responsibility

This declaration is reevaluated in case of modifications of directives and laws, raw materials, formula, manufacturing procedures or other. In case of modification, new declarations are published on our website [www.roebling.com](http://www.roebling.com), earlier declarations become invalid in that case.
